Description:

Villa presents a rare opportunity to secure one of the final homes in an exclusive boutique development of just five detached villas, designed for buyers who want privacy, elegance, and modern comfort in one exceptional property.

This beautifully designed 4-bedroom villa combines contemporary architecture with premium finishes and practical features that make everyday living effortless. From underfloor heating throughout the villa to a private photovoltaic system, air conditioning in all rooms, mosquito nets, gypsum board ceilings with indirect lighting, and a private gated entrance, every detail has been carefully selected to deliver comfort, efficiency, and long-term value.

Set within a peaceful residential environment, this villa offers the perfect balance of tranquillity and convenience, with the beach only minutes away and quick access to major roads. It is an ideal choice for both permanent residence and investment, especially for buyers looking for a high-quality new home in a limited collection development.

With only a small number of villas remaining, this is the kind of property that attracts serious attention. Estimated delivery is mid-2027, and an optional private swimming pool is available for those looking to elevate the lifestyle even further.
