Description:

The design of this exceptional residential complex is executed in the classical colonial style of Cypriot architecture. The facade is elaborately decorated with arches reflecting the Venetian stone bridge located to the right of the project. Ornate balustrades and decorative elements made of natural stone add to the architectural language of the buildings. The refined style is characterized by its harmonious proportions. Its aesthetics which comes from colonial architecture comes from research of noble and simple lines, balance and order.

The complex is located in the geographical centre of Limassol in a prestigious and quiet housing area of the city, within walking distance from Dassoudi beach with eucalypt and pine grove, and 250m from the seaside road. All the necessary amenities and hotels are also within walking distance from the complex. The low-density building area, old riverbed, century-old trees and Venetian bridge create in combination the atmosphere of privacy right in the geographical centre of the city.

The building complex consists of a block of just 5 apartments (three 3-bedroom apartments, one 3-
