Pool

Описание:

4 Bed Villa in Pervolia for sale

The unique layout of this 4-bedroom villa makes for an interesting design concept.

The ground level features a large open-plan living/kitchen/dining area that extends through full-height glazed doors to bring the gardens and lounge rooms together. Seven steps take you to the upper level with two en-suite bedrooms, while nine steps lead down to the lower level, revealing two further bedrooms and a bathroom – there is a veranda and direct access to the gardens. The plot geometry offers a swimming pool option, and there is parking space for two vehicles.
